

THE SAN DIEGO LGBT COMMUNITY CENTER

2015 ANNUAL REPORT

The Mission of The San Diego LGBT Community Center is to enhance and sustain the health and well-being of the lesbian, gay, bisexual, transgender and HIV communities by providing activities, programs and services that:

- Create community,
- Empower community members,
- Provide essential resources,
- Advocate for civil and human rights, and
- Embrace, promote and support our cultural diversity.

The San Diego LGBT Community Center is the nation's second oldest and one of the largest LGBT community centers. Functioning as the LGBT community's flagship organization, The Center is led by a 16-member board of directors, employs over 50 paid staff and utilizes more than 1,100 community volunteers to achieve its twin goals of promoting LGBT health and human rights. The Center provides direct program services to the many different facets of the LGBT community, including youth, seniors, families, LGBT Latin@ community members and their families, and those living with HIV.

CHAIRS/CEO LETTER

2015 was an amazing year. The U.S. Supreme Court ruled that same-sex couples have the fundamental right to marry and the Pentagon lifted the military ban on transgender service members – and of course we celebrated both victories!

Yet, throughout history, no single court decision has ever signaled the end of a struggle for equality or equity. And indeed, the ink was barely dry and the balloons still filled when the backlash and attacks began anew.

The struggle continues for nationwide equality. We still have to pass the Equality Act through Congress and put an end to the “married on Friday, fired on Monday” circus. Our youth continue to be thrown out of their homes and communities and to face school bullying and harassment. Our Trans community continues to fight for acceptance and dignity – and far too often for their lives. After 35 years HIV continues to ravage our community, despite tools that can finally put an end to new cases in the US, if only we ALL had access to them. Across the country too many states and regions are passing so-called “freedom of religion” laws that override all local nondiscrimination ordinances. Governors are proposing constitutional amendments that specifically target LGBT civil rights. Our immigrant community members are afraid and face real threats. Voting rights, reproductive justice struggles and the lack of criminal justice reforms continue to concern our community members. And the list of challenges goes on...

Our San Diego LGBTQ community is wonderfully diverse, and that is one of its great challenges and greatest strengths. It is our ability to see our common struggles and to unite in collaboration with all those who share our desire for justice, equity and equality that has brought us this far. That ability and willingness to reach out ever further, to partner and to include has kept us building strength in the face of all the challenges. That strength will keep us moving forward.

DEMOGRAPHICS

It is an explicit goal of all Center programs to be inclusive and representative of the diversity found in the San Diego community. Honoring, promoting and celebrating our community's amazing diversity are central organizing principles for The Center, as well as part of our mission statement. We are proud that both our staff and client demographics nearly exactly reflect the demographics of San Diego County and, in some instances, are even more diverse.

Where the Money Comes From

Where Your Money Goes

A SAMPLING OF YOUR DOLLARS IN ACTION

Latin@ Services provided **25** cultural competency trainings to community agencies and completed a series of four 8-week workshops for Latino/as living with HIV.

Nearly **7,000** people in need received distributions of food from the San Diego Food Bank.

The Center's David Bohnett Cyber Center provided free computer classes and was used more than **15,000** times last year.

More than **96%** of Youth Housing Project residents remained in permanent housing or exited to other permanent housing situations.

Senior Services connected LGBT seniors to a community of friends and provided nearly **6,500** service visits.

The Center's Behavioral Health Services provided nearly **7,000** counseling sessions.

Project TRANS provided nearly **4,000** service visits.

Nearly **21,000** people called The Center's front desk requesting support and information.

IT STARTED WITH . . .

In 1971 our world was a very different place. Being “out” simply wasn’t an option for many. Just being a member of the LGBT community could be dangerous. You could be fired, denied housing and worse, and there was no one to turn to for help.

Then Jess Jessop set up an answering machine in a utility closet, a help line available to anyone in the LGBT community. Looking back, a simple answering machine seems like a small thing, but at that time, it could be world-changing. Over four decades, that simple answering machine became The San Diego LGBT Community Center.

Incorporated as a 501c3 in 1973, just as the American psychological and psychiatric communities removed homosexuality from the diagnostic manuals as a disorder,

The Center provided community members with professional, culturally-affirmative mental health services and continues to provide those services today.

We are proud of the history of The Center’s service. From an answering machine in a borrowed closet that served as a lifeline for those frightened, lonely and looking for compassionate connection to today, the nation’s second oldest and one of the largest LGBT Community Centers. The incredible dedication of 1000 volunteers, 15 board members and 50 staff who spend every day attempting to serve the full diversity of our community – youth, seniors, families, men, women, Latino/as, African Americans, Asian-Americans, those struggling with HIV/AIDS – makes it possible for us to provide more than 61,000 service hours each year.
